

SPOKE

AN IN-CAMP AND OUT-OF-CAMP ADVENTURE

In the new Spoke program, campers will go on two overnight treks throughout the week that will take them to the far reaches of the reservation and beyond – like spokes of a wheel. These spokes reach areas of beautiful and memorable sights that are not accessible to the average camper. Between each spoke trek, participants will stay with their troops in camp and share their experiences with the scouts and leaders. Then wrap up the week with an IRONMAN TRIATHALON including running, biking, and swimming all over camp!

The Spoke treks will include:

- * **Peaks** ~ Climb as many mountains as you can in one trek!
- * **Mountain Biking** ~ Explore the reservation on the camp's mountain bikes!
- * **Rock Climbing** ~ Spend an intense overnight trek at the cliffs!
- * **Kayaking** ~ Navigate Lake Winnepesaukee in sea kayaks for an island-hopping outpost!
